

Fylde coastline, before and after sea level rise?

Wednesday 10th January at 19:30:

Sea Level Rise

– the hidden coastal process?

A talk by **Trevor Lund** (Blackpool and Fylde College): The process of sea level rise is one of the most important in shaping our coasts and shallow seas, but what exactly is it and can we see any evidence for it in the environment around us?

**In the cinema at the Gregson Community Centre,
Lancaster, LA1 3PY
£2.00 Admission: *Everybody Welcome***
